

# TEN-YEAR DUEKER SYSTEM GUARANTEE.

ON DUEKER SML, SML-SEASIDE PLUS, MLK-PROTEC, TML, AND MLB SYSTEMS AND COUPLINGS.

## DUEKER DRAINAGE. TEN-YEAR DUEKER SYSTEM GUARANTEE!

You can rely on Dueker. With SML, SML-seaside Plus, MLK-protec, TML, MLB and couplings, we offer our customers first-class products and systems for waste water applications. Manufactured in high quality, coated with care, durable and long-lasting. We back this up with our ten-year system guarantee. Signed, sealed and delivered. Counting from the day the certificate is issued – for up to eleven years after manufacture. Valid in Germany, in Europe and all over the world.

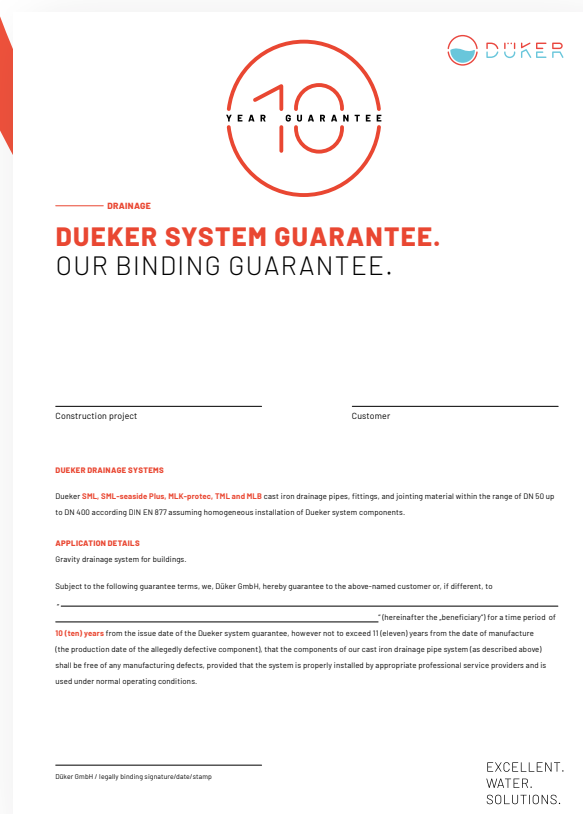

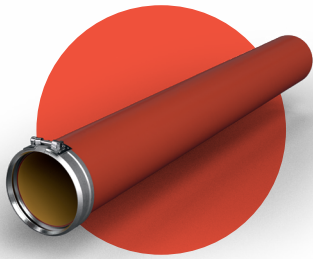

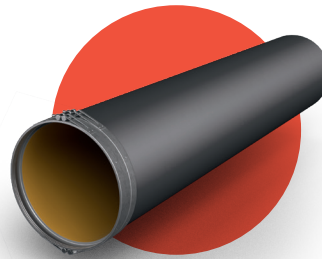

Fig.: The legal framework conditions governing the certificate can be found on the reverse of the document.

**GUARANTEED QUALITY  
TESTED AND MANUFACTURED IN ACCORDANCE WITH DIN EN 877.**  
AWARDED THE RAL QUALITY MARK BY THE GÜTEGEMEINSCHAFT  
ENTWÄSSERUNGSTECHNIK GUSS (GEG).

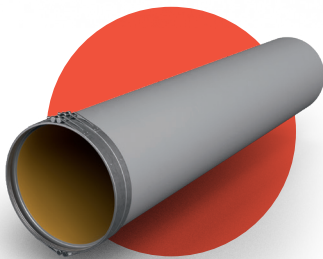

**DUEKER SML**  
EXCEEDS THE  
STANDARD.

- + Made from grey cast iron with lamellar graphite.
- + Inside coated with high-quality, fully cross-linked epoxy.
- + Exceeds the requirements of DIN EN 877 by a significant margin.

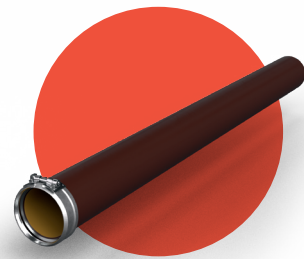

**DUEKER MLK-PROTEC**  
FOR AGGRESSIVE MEDIA  
AND ENVIRONMENTS.

- + Pipes coated on the inside with two layers of high-quality, fully cross-linked epoxy.
- + With an outer zinc coating of at least 130 g/m<sup>2</sup> and a zinc-compatible top coat.
- + Ideally suited for commercial kitchens, restaurants and all establishments with aggressive or greasy waste water.

**DUEKER MLB**  
WITHSTANDS WATER,  
WIND AND WEATHER.

- + Two layers of sprayed zinc plus two-component epoxy coating on the outside and high-quality, fully cross-linked epoxy on the inside.
- + Leak-tight, non-corroding, non-combustible – and adapts perfectly to the length expansion of concrete.
- + Ideally suited for draining bridges, roads, railway lines and tunnels.

**DUEKER TML**  
WITH ADDITIONAL  
CORROSION PROTECTION.

- + Made from grey cast iron with lamellar graphite.
- + With a zinc coating of at least 130 g/m<sup>2</sup> and a zinc-compatible top coat on the outside and high-quality, fully cross-linked epoxy on the inside.
- + Specifically designed for household waste water, rainwater drainage and underground installation.

SIMPLY FILL IN THE  
CERTIFICATE.  
**SORTED.**

The guarantee certificate is valid for the cast-iron drainage pipe systems Dueker SML, SML-seaside Plus, MLK-protec, TML, MLB and couplings in the sizes available from the system ranges. Simply fill it in, sign it and keep it safe together with all your other documents. Sorted. And, if the worst should ever happen, get in touch with Dueker straight away – specifically, with your sales contact. No messing about. Fast. Straightforward.

**THE MOST IMPORTANT
